AMENDMENTS TO THE DRAWINGS

Please replace Sheet 16 with the Replacement Sheet.

REMARKS

Amendments to the Specification

Please amend the last paragraph on page 23, the last paragraph on page 24, and the second full paragraph on page 26 as indicated above to correct spelling errors and punctuation.

Please amend the second full paragraph on page 27 as indicated above to correct a typographical error. This amendment was made by examiner's amendment in the parent U.S. Patent Application No. 11/076,448 (now U.S. Patent No. 7,731,747), filed on March 9, 2005.

Amendments to the Drawings

Please replace sheet 16 with the Replacement Sheet submitted herewith. No new matter has been added. The label "FIG. 12" has been removed. This amendment was amended by the Examiner in co-pending U.S. Patent Application No. 11/744,802, filed May 4, 2007.

No Disclaimers or Disavowals

Although the present communication may include alterations to the application or claims, or characterizations of claim scope or referenced art, Applicants are not conceding in this application that previously pending claims are not patentable over the cited references. Rather, any alterations or characterizations are being made to facilitate expeditious prosecution of this application. Applicants reserve the right to pursue at a later date any previously pending or other broader or narrower claims that capture any subject matter supported by the present disclosure, including subject matter found to be specifically disclaimed herein or by any prior prosecution. Accordingly, reviewers of this or any parent, child or related prosecution history shall not reasonably infer that Applicants have made any disclaimers or disavowals of any subject matter supported by the present application.
